BINS & SILOS

“
RUGGED, LEAK-PROOF BINS FOR USE WITH
THE COUNTLESS DIFFERENT FUNCTIONS
INVOLVED IN PROCESSING MEAT, POULTRY
OR FISH BY-PRODUCTS

No matter what kinds of meat, poultry or fish by-products you process, you will always need simple, rugged bins for moving, parking and storing everything from raw material and other inputs to your finished output.

They're a big help in the practicalities of process management, providing you with a low-tech buffer between individual processing lines and pieces of equipment, and helping ensure good flows and maximum flexibility.

Haarslev bins and silos are tough and durable, designed to prevent leaks and ensure compliance with appropriate hygiene standards.

They're engineered to order from standard components, and can be delivered flat-packed for easy, inexpensive transport.

BENEFITS

- Engineered to order, for your specific needs and requirements
- Easy to move and transfer contents from one process to another
- Robust and leak-proof
- Easy compliance with appropriate hygiene standards
- More effective process management

WIDE RANGE OF CONFIGURATIONS

Haarslev bins and storage solutions give you plenty of choices. A wide range of sizes are available, from small charging/dosing bins to large reception hoppers, storage bins and silos with capacities of 150–200 m³. Different versions are available made of stainless steel, mild steel or combinations of both.

The individual designs and configurations depend on the kind of material you process and need to move, and on what your material will be used for downstream.

- Hydraulic lids
- Drain section
- Load cell systems
- Leveling screw
- Steam jacket with insulation

Meal bins

Raw material pit

Storage silo
